*card*  
The Honorable John S. Foster, Jr.  
Deputy Director of Defense (R&E)  
Department of Defense  
Washington, D. C.

Dear Johnny:

Herewith is a short resume of information which I have been given about the use of the Polaris missile for flak interdiction and to prevent road repair work. I hope it will be of use to you.

I note that there are some objections to the use of the HBM from Polaris submarines for reasons with which I totally disagree. They will be apparent to you because I have written a little note about them in my handwriting immediately adjacent to the pertinent paragraph.

Sincerely,

W. F. Raborn  
(2003/05/05)
